

Training Schedule

Congratulations on making the decision to begin your aviation career at FlightSafety Academy!

FlightSafety Academy offers various training courses each month. Dates for additional courses are determined in advance and are subject to change based on your needs and the needs of currently enrolled students. For more information on courses and start dates contact Admissions at Admissions@FlightSafety.com.

The enrollment dates below include a **mandatory** one-week Pilot Preflight Course. This course provides students with an opportunity to learn more about FlightSafety Academy, our training expectations, and meet the FlightSafety Academy teammates that are here to assist in your success. During Pilot Preflight, books and supplies are distributed, uniform fittings are conducted, and student picture identification cards are issued.

Students enrolling without a Private Pilot License (PPL) must attend one of the mandatory enrollment dates listed below. If you hold a PPL you must attend the Pilot Preflight Course and audit the Private Pilot Ground School. If you have a PPL and additional experience we strongly encourage you to attend the Pilot Preflight Course and audit the Private Pilot Ground School at **no additional charge**. By attending the Pilot Preflight Course and Private Pilot Ground School you will receive an overview of FlightSafety Academy and future Pilot Ground School expectations.

Original documents must be presented at Student Orientation/Pilot Preflight.
